

INSTRUCTIONS MANUAL

APPLIANCE GUIDE

1

Clean and dry the application surface

2

Open your packaging and the lid of the filler

3

Cut the tip of the cone according to your need

4

The nozzle should be touching the surface

5

Keep your filler at 45% angle while applying

6

Apply the grout with a slow and controlled pace

7

Remove any excess grout with the special spatula

8

Close the lid so it doesn't dry out

9

Wait 2-3 hours for it to be dry

10

Use a wash cloth to clean the finished area
